**Vina Robles Supports Reconstruction of Mission San Miguel**

Paris Restaurant in downtown Paso Robles and Vina Robles Winery join in a common effort to raise funds for Mission San Miguel which sustained heavy damage from the December 22, 2003 earthquake.

Neighboring Vina Robles Winery has been in communication with Brother Bill Short and Father Raymond Tintle about ways to raise the needed funds. The total project will require several million dollars of investments. Together, Vina Robles, Paris, and the Mission want to approach the monumental task in small, clearly defined steps. The first event in late March will be in support of replacing damaged windows (estimated cost is \$ 5,500):
